

Five Star Professional Award

Gary A. Sherman, CPA

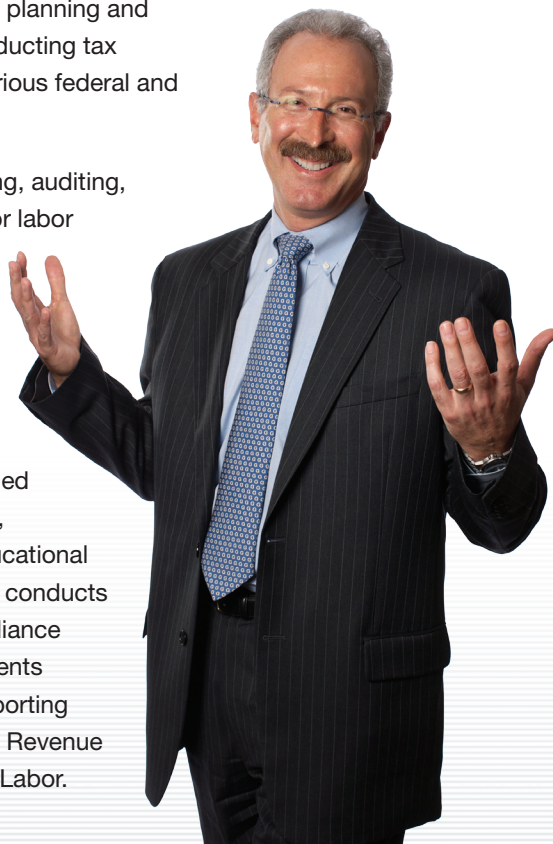

RBB Accountants and Advisors is proud to announce that Gary Sherman, partner in our Somerset office, has been named a 2016 NJ Five Star Financial Services Professional award winner. Teaming with New Jersey Monthly magazine (January 2016) to announce the prestigious award, Five Star Professional conducted research, with 10 or more areas of evaluation and eligibility, to determine the accounting professionals in New Jersey who are providing quality services to their clients. Less than 1% of the certified public accountants in the New Jersey area made the list. We are happy to have such a distinguished award winner in our midst.

Gary Sherman joined the firm as a partner in October 2000 and has positioned himself as a general practitioner, with a primary industry focus in labor unions, real estate management companies, legal and medical practices and condominium associations.

He has also provided accounting, tax and consulting services to a large number of clients that own and manage closely held private companies. His experience includes tax planning and compliance, as well as conducting tax examinations before the various federal and state taxing authorities.

While conducting accounting, auditing, and tax compliance work for labor union employee benefit plans, he spends much of his time concentrating on jointly trusted plans, pursuant to a collective bargaining agreement.

His knowledge covers defined benefit plans, welfare plans, prepaid legal plans and educational assistance plans. Gary also conducts Department of Labor compliance examinations, and helps clients manage rigorous annual reporting requirements of the Internal Revenue Service and Department of Labor.
